PROJECT: "Arginine Ethyl Ester HCl Analysis"
RTP Labs ID: 05-154-04

Presented below are the laboratory results of the analyses for the samples received on December 2, 2005. We received one container of labeled "White Blood™" with the lot number 0508163. Ten capsules were mixed together to obtain a representative sample. The amount equivalent to one capsule was then extracted and analyzed by HPLC-UV for Arginine Ethyl Ester HCl. The analysis is relative to an in-house standard of arginine ethyl ester HCl.
